

Changes to Impactional's Applicant Selection Policy

As previously communicated, Impactional had initially planned to select the top 100 applicants for our program. However, we are now implementing a change to this policy, reducing the number of selected applicants to 40. We understand that this may come as a surprise, and we sincerely apologize for any inconvenience this sudden adjustment may cause.

The decision to revise our selection policy has been made after careful consideration, with the primary aim of enhancing the quality of the experience for each individual within our program. Here's why we believe this change is necessary:

1. **Personalized Attention:** By reducing the number of selected applicants, we can provide more personalized attention and support to each participant. This will enable us to better tailor our resources and guidance to their specific needs and goals.
2. **Deeper Engagement:** A smaller cohort allows for more meaningful interactions and collaboration among participants. We want to foster a close-knit community where knowledge-sharing and networking opportunities are maximized.
3. **Quality Over Quantity:** We are committed to maintaining the highest standards of excellence in our program. By selecting a more focused group of applicants, we can ensure that everyone admitted has a strong potential to make a significant impact in their respective fields.

We understand that change can be challenging, and we truly appreciate your understanding and flexibility as we strive to create a more enriching experience for all participants. If you have any questions or concerns regarding this policy adjustment, please do not hesitate to reach out to our support team. Your input and feedback are valuable to us as we continue to improve our programs and services.

Thank you for your continued trust in Impactional, and we look forward to embarking on this new journey together with our selected 40 applicants.

Vice President of Impactional

Olga Jagiellowicz

Program Director of Changemaker

Naia Rafida Mumtaz

Top 40 Changemaker Catalyst Programme Application Result

After undergoing an extensive and thoughtful evaluation process, Impactional's board is excited to announce our selection of the top 40 changemakers who have earned their spots on a merit-based criterion. Each of these individuals has demonstrated exceptional potential and a proven track record of making a positive impact in their respective fields.

Our decision to choose these changemakers was driven by our unwavering commitment to addressing the pressing global refugee crisis. We believe that these selected applicants possess the knowledge, creativity, and dedication needed to devise innovative solutions that can truly make a difference in the lives of refugees worldwide.

It is with immense pride and anticipation that we, once again, extend our warmest congratulations to these remarkable individuals. We eagerly anticipate the transformative ideas and initiatives they will bring to the table as we work together to tackle one of the most critical challenges facing humanity today.
